WRITTEN QUESTIONS

Part 1 – Manage Project Human Resources

1. Consider the following methods or processes involved in Human Resource Management (HRM). In your own words, briefly discuss each.

Do not exceed fifty (50) words for each discussion.

HRM Methods	Discussion
Develop human resource plan	Developing a human resource plan identifies and documents project roles, responsibilities and skills required for a project. It identifies reporting relationships and assists in planning for staff management. A human resource plan is used to determine and identify who will be required for the project and the skills they must have to ensure the project is a successful venture.
Acquire project team	This is the assembly of personnel who are available to complete the project successfully. The project management team may or may not have direct control over the selection process due to such factors as: collective bargaining agreements, use of subcontractor personnel, matrix project environment, internal/external reporting relationships and other various reasons.
Develop project team	This is the improvement of the assembled teams interactions, competencies and over team environment. Project Managers should have team management and leadership skills to achieve success as a team and deliver a successful project.

Manage project team	Team management requires the monitoring of the performance of a team. During this process, feedback is provided, issues resolved as they arise and changes can be made to further enhance the performance of the team.
---------------------	--

2. The following are strategies for managing human resources. Match each strategy to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	Strategy HR management	Description
B	Conflict resolution	a. A strategy involving projecting labour needs and the effects they'll have on an organisation, or a project.
A	HRM forecasts	b. A strategy employed for two or more parties to find a peaceful solution to a disagreement among them.
D	Learning and development strategies	c. The process of attracting individuals on a timely basis, in sufficient numbers and with appropriate qualifications, to apply for jobs with an organization.
E	Performance monitoring	d. An organisational strategy that articulates the workforce capabilities, skills or competencies required to ensure a sustainable, successful project and that sets out the means of developing these capabilities to underpin performance effectiveness.
C	Personnel recruitment	e. A strategy involving assessing progress towards meeting performance and project objectives; sharing feedback on progress relative to the project goals.

3. Select two (2) strategies for HR management outlined in Written Question 6. Provide at least one (1) example or situation relating to project management in which they are best applied.

Complete the table below.

HR management strategy	Application (provide at least one (1))
Conflict Resolution.	Two individual team members have come to a disagreement in regards to a decision which has to be made on the project. As the Project Manager you intervene and mediate through constructive discussion to achieve a result which is sufficient for all parties involved and is the best decision for the project.
HRM forecasts.	Prior to the commencement of a project the Project Management forecast what staff will be required for the duration of the project. Once the team has been assembled it is discuss when people require time off etc. This ensures there will be no labour shortage for the life cycle of the project.

4. Outline three (3) processes for measuring individuals' performance against agreed criteria and briefly explain each.

Do not exceed 100 words for each process you outline.

- Self Monitoring tool: A self monitoring tool assists a team member monitor whether they are reaching set goals and project deadlines required for a successful project. Tools which can be utilised are checklists, project plans or activity logs.
- Reguallary measuring of an individuals performance: This can be achieved by spot checks, reviewing end products and tasks, or even general conversation and interaction with the team member, and enquiring "how they are going?". This should be done on a regular basis, for the duration of the project.

- c. Performance reviews or staff appraisal: This is a systematic and periodic process which assesses the members performance and productivity in relation to specific pre-established criteria.

5. Consider the strategies or techniques used for managing and improving team performance. Match each strategy or technique to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	Strategy / technique	Discussion
B	Observation and conversation	a. Focuses on building life skills of the individual with no specific agenda. The returns are learning and affirmation.
C	Project performance appraisals	b. These are used to stay in touch with the work and attitudes of project team members. The project management team monitors progress toward project deliverables, accomplishment that are a source of pride for team members, and interpersonal issues.
D	Coaching	c. Objectives for conducting these during the course of a project can include clarification of roles and responsibilities, constructive feedback, discovery of unknown or unresolved issues, development of individual training plans, and establishment of specific goals for future time periods.
A	Mentoring	d. Focuses on performance of tasks with a specific agenda that comes with the job. The returns are improved teamwork or performance.

Part 2 – Manage Project Procurement

1. Consider the following procedures involved in project procurement. Match each procedure to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	General feature	Description
C	Plan procurements	a. It is the process of completing each project procurement. It also involves administrative activities such as finalising open claims, updating records to reflect final results and archiving such information for future use.
B	Conduct procurements	b. It is the process of obtaining seller responses, selecting a seller, and awarding a contract. In this process, the team will receive bids or proposals and will apply previously defined selection criteria to select one or more sellers who are qualified to perform the work and acceptable as a seller.
D	Administer procurements	c. This is the process of documenting project purchasing decisions, specifying the approach, and identifying potential sellers. It defines those project needs which can be best be, or must be, met by acquiring products, services, or results outside the project organisation, against those project needs which can be accomplished by the project team.
A	Close procurements	d. This is the process of managing procurement relationships, monitoring contract performance, and making changes and corrections as needed.

2. The following are general features of a procurement management plan. Match each feature to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	General feature	Description
D	Contract management process	a. This includes details of procurement (both contractors and purchases) needed for the project; as well as the selection criteria needed for each resource (this may be provided in the appendices if substantial).
A	Resources to be procured	b. These include details of the communication arrangements of procurement to stakeholders; as well as the responsibilities for staff and team members when dealing with contractors.
B	Responsibilities to contractors	c. Discusses the procedures for probity and project governance constraints of the procurement for this project.
C	Probity and project governance constraints	d. This includes information of the procurement process, from the identification of the need for procurement through to the procurement process itself and how successful contractors are selected.

3. List at least five (5) criteria that can be used to select vendors or suppliers.

- Delivery: The ability to deliver the project within the timeframe allocated.
- Cost: The ability to deliver the project within the cost parameters established.
- Quality: The ability to deliver the project to the standard which is required.
- Past performance/reviews:
- Ability/Qualifications: Ensure they have the correct qualifications and can legislative requirements i.e a plumber has a plumbers licence.

4. The following are documents required in the procurement process of the project. Match each document to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	Documentation	Description
C	Procurement management plan	a. These document the conclusions reached regarding what project products, services, or results will be acquired from outside the project organisation, or will be performed internally by the project team.
D	Change requests	b. These are often included as part of the procurement documents. These are developed and used to rate or score seller / contractor / vendor proposals, and may be objective or subjective.
A	Make-or-buy decisions	c. This documentation describes how the procurement processes will be managed from developing procurement documents through contract closure. This documentation may include guidance for but not limited to types of contract to be used, risk management issues, managing multiple suppliers, etc.
B	Source selection criteria	d. These are proposals to expand or reduce the project scope, modify policies, processes, plans, or procedures, modify costs or budgets, or revise schedules.

5. Consider the structure of a contract. The following are sections that should be included in both the preamble and the schedules of any part of the contract.

Write **P** if the section is to be included in preamble of the contract and write **S** if the section is to be included in the schedules of the contract. Write your answers in the spaces provided.

P	a. Governing law and jurisdiction
S	b. Agreed schedule.
S	c. Agreed payments.
P	d. Insurance
S	e. Agreed HR requirements (actual people, qualifications, etc.).
S	f. Any allowed subcontracting arrangements.
P	g. Confidentiality
P	h. Intellectual property
S	i. Agreed quality standards.
P	j. Restraint
P	k. Conflict of interest
P	l. Subcontracting
S	m. Reporting and meeting requirements.
P	n. Variation
P	o. Warrantee
S	p. Any risk management activities the contractor is responsible for.
P	q. Termination

S	r. Description of work.
---	-------------------------

6. The following are general conditions of the contract. Match each condition to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	General conditions	Description
C	Variation	a. Covers the copyright ownership of any written or artistic materials produced during the course of the project. In nearly all instances, ownership of copyright is given to our organisation, but this must be specified in the contract.
A	Intellectual property	b. Covers the closure of the project. It also contains what happens if the contract is ended before the deliverables have been produced.
D	Restraint	c. This refers to the change management process. The contract should stipulate that all contract changes go through the formal change management process.
E	Conflict of interest	d. There may be a clause preventing the contractor engaging in related activities for a set period of time following the end of the project. This is not as common for contractors as it is for employees.
F	Warranty	e. This prevents the contractor from performing activities that may damage the interests of your organisation.
B	Termination	f. Statement indicating the contractor will perform the services with reasonable care and skill, and that the intellectual property rights of any third party are not infringed. There may also be a warranty period listed for a product post-delivery.

7. Consider the legislation, codes and national standards relevant to types of contract and associated procurement processes.

- a. List the relevant federal legislation applicable to contract law.
- b. List at least two (2) other pieces of legislation relevant to your contractor.

- a. Competition and Consumer Law Act 2010.
- b. Fair Work Act 2009
Work Health and Safety Act 2011

8. Which of the following statements are true regarding the Contract Law?
Select all that apply.

☒	Contract law encompasses any laws or regulations directed toward enforcing certain promises.
☐	A verbal agreement or contract is as reliable as a written contract.
☒	A contract is an agreement between two parties – either between two individuals, an organisation and an individual, or two organisations.
☐	Terms in the contract may be considered unfair when one party decides it is unfair.
☐	The first requirement for a valid contract is an agreement between two or more parties.
☒	The Australian contract law is divided into five categories including formation, scope and content, avoidance, performance and termination, and remedies.
☒	It is recommended that all project contracts need to be in writing to save any confusion.

9. Consider the probity and project governance constraints that relate to project procurement in a project provided below.

- a. In your own words, briefly discuss how each constraint relates to project procurement. Do not exceed fifty (50) words for each discussion.
- b. For each constraint, include at least one (1) specific example or situation in your current industry or an industry you would most likely work in.

Probity and project governance constraint	Discussion	Provide at least one (1) industry-specific example or situation
Ethical behaviours	The project procurement must be conducted honestly, respectfully fairly and responsibly. It must be conducted without bias.	Two people have applied for a position within a company. 1 is qualified and has experience for the position, the other is your relative of yours and has no qualifications and limited experience within the industry. It would be unethical to award the position to your relative.
Limits of authority	Limits of authority within project procurement provides a framework for the approval process. It establishes what power or authority the Project leader has to agree/disagree on certain decisions i.e contacts, sums of outgoing funds etc.	The company has policy that any variations over 500K can not be agreed to by the Project Leader. Therefore any variations over 500k must be approved by a person with higher authority.

Part 3 – Manage Project Stakeholder Engagement

1. Consider the different project stakeholders listed below. In your own words, discuss each project stakeholder in terms of the following:
 - a. The project stakeholder's interest in the project
 - b. The project stakeholder's expectations of the project
 - c. What is expected of the project stakeholder

Complete the table below.

Stakeholder	The project stakeholder's interest in the project	The project stakeholder's expectations of the project	What is expected of the project stakeholder
Project sponsor	Owner/Finacial Source of the project	To receive a product that they have paid for and delivered on time.	Provide support and funding as required. They need to accept and be happy with the end product delivered.
Project manager	Responsible for ensuring the delivery of the project.	The project team, contractors and suppliers deliver on the project, & the project is appropriately supported by the Project Sponsor and Upper/Senior management	Ensure the project deliverables are delivered in an efficient, effective
Project team member(s)	Responsible for the delivery of tasks/support services.	Tasks are supported appropriately by the project manager.	To deliver goods/services as per allocated tasks.
Contractors	Responsible for the delivery of tasks/support services	Tasks are supported appropriately by the project manager	To deliver goods/services as per allocated tasks.
Suppliers	Provide goods and services required for the project.	Procurement is supported appropriately by the project manager.	To deliver goods/services as per allocated tasks.

The end user	Person/people who will benefit from the end product of the project.	The final product delivers as per their requirements.	N/A or to be involved in acceptance testing.
Regulatory bodies	Provides standards/laws regarding the quality of the project.	The processes and outputs of the project meet relevant standards and legislation.	Provide advice on compliance requirements when needed.
Senior executive	Corporate governance of the project.	The project is delivered at a profit to the company.	Support the project manager in all 10 functions.

2. Consider the different levels of stakeholder engagement below. In your own words, briefly describe each.

Do not exceed fifty (50) words for each discussion.

Stakeholder engagement levels	Discussion
Unaware	The stakeholder isn't aware of the project that is being undertaken or its outcomes. All effort should be undertaken to identify stakeholders. Stakeholders should be aware of the project let alone its potential benefits and impacts.
Resistant	A resistant stakeholder is one who does not support the project. A resistant stakeholder can be problematic and jeopardise the project deliverables.
Neutral	A neutral stakeholder is one that "sits on the fence". they are neither supportive nor resistant.
Supportive	A supportive stakeholder feels strongly about the project and its outcomes. They support change within the project and this is classed as the desired engagement level of most stakeholders.
Leading	A leading stakeholder is actively engaged or "hands on" in promoting the project and ensuring the success of the project..

3. Consider the different methods, tools, and techniques used in stakeholder engagement provided below. Match each to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	Methods, tools, and techniques	Description
B	Stakeholder analysis	a. To ensure comprehensive identification and listing of stakeholders, judgement should be sought from groups or individuals with specialized training or knowledge on the subject area such as senior management, SMEs, and others.
A	Expert judgement	b. This is a method of systematically gathering and examining quantitative and qualitative information to determine whose interests should be taken into account throughout the project. It identifies the interest, expectations, and influence of the stakeholders and relates them to the purpose of the project.
D	Interpersonal skills	c. These involve the act of directing and controlling a group of people for the purpose of coordinating and harmonizing the group towards accomplishing project objectives.
E	Communication methods	d. These include skills in building trust, resolving conflict, active listening, and overcoming resistance to change to manage stakeholder expectations.
C	Management skills	e. These involve the act of sharing information among project stakeholders and they can be broadly be classified into interactive, push, and pull.

4. List four (4) management skills that can be utilised in stakeholder engagement.

- a. Stakeholder analysis.
- b. Expert Judgement.
- c. Interpersonal Skills.
- d. Communication Methods.

5. List four (4) common problems relating to project management that lead to variances in stakeholder engagement.

- a. Poor execution in project management
- b. Inconsistent program milestones
- c. Poorly executed project management plan
- d. Poor execution in administration

6. The following are key components of stakeholder engagement. Match each key component to its correct description.

Write the letters that correspond to your answers in the spaces provided.

	Key Component	Description
G	Stakeholder Identification and Analysis	a. Plan out each consultative mechanisms, consult inclusively, document the process, and communicate follow-up.
F	Information Disclosure	b. Involve directly affected stakeholders in monitoring project impacts, mitigation and benefits, and involve external monitors where they can enhance transparency and credibility.
A	Stakeholder Consultation	c. Establish accessible and responses for stakeholders to raise concerns and complaints about the project throughout its life.

E	Negotiation and Partnerships	d. Build and maintain sufficient capacity within the company to manage processes of stakeholder engagement, track commitments, and report on progress.
C	Grievance Management	e. For controversial and complex issues enter into good faith discussions that satisfy the interest of all parties. Add value to impact mitigation or project benefits by forming strategic partnerships.
B	Stakeholder Involvement in Project Monitoring	f. Communicate information to stakeholders early in the decision-making process, in ways that are meaningful and accessible, and continue this communication throughout the project life
H	Reporting to Stakeholders	g. Invest time in identifying and prioritizing stakeholders and assessing their interests and concerns.
D	Management Functions	h. Report back to stakeholders on environmental, social and economic performance both those consulted and those with more general interests in the project.

7. Which of the following are key principles of stakeholder engagement?

Select all that apply.

☒	a. Relationship: Try to engender trust with the stakeholders. Seek out networking opportunity.
☒	b. Remember, they are human: Operate with an awareness of human feelings.
☐	c. Take responsibility: Project governance is the key of project success. It's always the responsibility of everyone to maintain an ongoing dialogue with stakeholders.
☐	d. Celebrate success: Ensure that all other project stakeholders are aware of your accomplishments.
☒	e. Consult, early and often: Always ask the right questions to get the useful information and ideas. To engage their support ask them for advice and listen how they feel.
☒	f. Understand what success is: Explore the value of the project to the stakeholder.
☒	g. Communicate: Before we are aiming to engage and influence stakeholders, it's crucial to first seek to understand. To ensure intended message is understood and the desired response achieved.
☒	h. Simple but not easy: Show your care. Be empathetic. Listen to the stakeholders.
☐	i. Quantity over quality: The more project stakeholders involved in the project the more chances of ensuring the project's success.
☒	j. Plan it: Time investment and careful planning against it, has a significant payoff.

Part 4 – Manage Personal Work Priorities and Professional Development

1. Discuss the principles and techniques involved in the management of organisation by completing the table below.

Further guidance is provided in the table.

Aspects in management of organisation.	Provide a brief description of the principles behind this aspect:	Provide at least (1) technique you would use to manage this aspect in your own workplace:
Performance measurement	The collection or reporting information regarding the performance of an individual, group, organisation, system or component.	It is company policy that a performance review is to be conducted by senior management in April of each year.
Personal behaviour	To be successful project manager you must demonstrate strong qualities. A project manager must demonstrate the ability to inspire others and communicate well. They must be empathetic, show enthusiasm, have strong integrity and overall demonstrate a high level of competence within their role.	The Project Manager is the leader of the team. The project hasn't been going very well, so rather than berate his staff he displays enthusiasm, gives words of encouragement rather than abusive language. He also offers his knowledge and experience to assist and benefit the project.
Self-awareness	A project manager must demonstrate self awareness. Self awareness is knowing and understanding ones's own character, feelings and their emotional "make up"	The Project Manager has been presented with a site issue, that he has not come across before. Rather than struggle through the issue, they understand that its beyond their skill set and seeks external professional advice. This may affect the Project Managers pride by seeking assistance, but will benefit the project.

Identification of your own personality traits	Most common method to identify personality traits is known as "Big Five Model". This model is broken down into: 1) Openess to experience. 2)Conscientiousness. 3)Extraversion. 4)Agreeableness. 5)Neuroticism.	A Site Manager has been given the opportunity by their company to project manage the next project. Though the Site Manager has successfully completed his current role previously, they are unsure whether they would have the personality to succed in a Project Managers role. They implement the "Big Five Model" and assess the results.
Identification of the personality traits of your team member	Its important for the Project Manager to understand the different personality traits of their teams memebers to ensure cohesion and success within the project. A test which could be utilised is the "Myer-Briggs Indicator test".	A Project Manager has to replace a retiring Project Manager on a current project which is midway through construction. They have never worked with the current team. Upon arrival the Project Manager takes time to understand individual traits of team members, rather than "just assuming" everyone will accept his management skills and personality.
Setting your own goals	A Project Manager must set goals not only for their team but for themselves aswell. Setting individual personal goals gives the Project Manager something to achieve and strive for. A method that could be used is the "SMART goals" concept.	A Project Manager has been issued a project within the health industry. The Project Manager has never completed a project within the health industry before. He sets a personal goal of establishing positive connections and relationships within the health industry, which in turn could be utilised to win more futre health related projects.

Managing your time	A Project Manager must not only manage timeframes within a project, but also must manage how they spend and allocate their own time, effort and routine.	A Project Manager has been spending 8 hrs a day on site, and 2hrs doing required paper work. His Senior Management email them in regards to a report he has missed. The project Manager understands that they have not managed their time effectively, and have been spending too much time onsite. Poor time management has had a negative impact on their role and responsibilities as a Project Manager.
Your personal development plan	Is a plan which is developed which consists on not just one single goal but a collection of goals. This has to be developed with realistic awareness of your current situation and realistic approach of where you want to be within a set time frame.	A Project Manager has developed a personal plan with their main objective being to escalate to an upper senior management position within a 5 year time frame within their current company.

2. Write a two-year plan for your personal development of your own management skills.

Your plan must be of between 200 – 400 words in length.

Guidance: Ensure that you set goals that are S-M-A-R-T (specific, measurable, attainable, realistic, and timely) and that you include including specific opportunities and options you could pursue, and include specific timeframes for achieving each item in this plan.

Goals which I would like to achieve within the next 2 years:

- 1) Complete my Diploma of Project Management.
- 2) Establish a more productive Work-life balance.

Specifics (as referenced to the above)

- 1) The course has 5 subjects. This course is required to be completed in full by the 23/04/2021. Each subject has been broken down further into specific timeframes in which each subject must be completed and submitted.
- 2) My employment for Watpac requires me to perform all duties of a Project Safety Coordinator. My job description involves myself being responsible for all Safety related matters on the Construction Site, and ensuring all Watpacs legal obligations in regards to safety are met. I am required to be onsite when construction workers are present.

Measurable (as referenced to the above)

- 1) As stated previously the course has 5 subjects. Each subject has numerous components to be completed in order.
- 2) Currently I work approx. a 68 hour week which has left 1 productive day for family time.

Attainable (as referenced to the above)

- 1) The course is achievable to attain as I have allotted each Friday of each week to focus on this Project Management course.
- 2) I believe a more productive Work-life balance can be achieved by ensuring with permission from Project Management, that I have every second Saturday off and on the Friday prior that Saturday off, I only conduct 8 hours that day.

Realistic (as referenced above)

- 1) Completing this course in Project Management is a realistic goal due to my 15 years experience within the construction industry. I have also successfully completed Certific IV in Occupational Health and Safety, Diploma in Occupational Health and Safety and a Bachelor Degree in Nursing. This demonstrates my ability to achieve this academic study.
- 2) After discussion with my Project Management a more productive balanced Work-life style can be achieved. By allocating time for certain aspects of my day it allows for all my onsite works to be completed to allow every second Friday away early and every second Saturday off.

Time Targeted (as referenced above)

- 1) I will complete the course Project Management within the 1 year allocated.
- 2) Within 2 years my Work-life balance goal will have been achieved.

3. Consider the different learning types provided below. In your own words, discuss each learning style and provide at least one (1) specific strategy or approach appropriate for accommodating each learning style.

Do not exceed fifty (50) words for each discussion.

Learning style	Discussion (Do not exceed fifty (50) words for each discussion)	Approach / strategy (Provide at least (1) for each learning style)
Visual	Visual learning is a method where a person benefits from seeing how something is completed. Verbal instructions are often hard for them to comprehend.	Drawing of diagrams. i.e sketch on a white board in the office.
Kinaesthetic/Tactile	Kinaesthetic/Tactile learning is when the person benefits by completing or assisting the person with a task. A more "hands on" approach is beneficial.	An apprentice has never layed a brick before. The foreman gives him a trowel and constructs a wall with the apprentice to demonstrate the "do's & don't's" of bricklaying.
Auditory	An Auditory learner excels in information retention and understanding through hearing information verbally and talking aloud.	An individual utilises the "Read Aloud" function within a word document.

4. Taking the role of a project manager, what methods would you apply to achieve a healthy work-life balance?

Provide three (3) methods and briefly describe each. Do not exceed fifty (50) words for each discussion.

- a. Be flexible: Though a set time frame is beneficial, a project manager must have the ability to be adaptable. If a project manager has done overtime for 2 consecutive days, on the 3rd day they should leave early and do something for themselves. This demonstrates balance.
- b. Exercise: Take time each day to exercise. Implement a rule that if you have been sitting at a computer for a set amount of time, then you stop and go for a 10 minute walk.
- c. Do something pleasurable every day: time should be set aside to ensure you complete something that you enjoy and makes you happy.

5. Provided below are methods and practices that are used to improve one's performance. In your own words, briefly discuss each.

Do not exceed fifty (50) words for each discussion.

Methods and practices	Discussion
Professional development	Professional development is learning new or maintaining professional credentials which are beneficial to your current role or future roles. This can be achieved by academic degrees, courses internally or externally, conferences and informal learning.
Coaching and mentoring	Coaching and mentoring is a method which utilises one-to-one discussions to share knowledge and experiences.
Reflective practice	Reflective practice is about thinking about or reflecting on what we do and why we do it. By doing this one can decide if they would do things differently next time.
Seek feedback	Seeking feedback is an effective tool which creates a clear and honest communication flow. It assists people to know how they and others perceive their performance.

Part 5 – Lead and Manage Team Effectiveness

1. Explain how group dynamics can affect the project team's performance. Your response must include discussion on the following:

- a. How does group dynamics support team performance?
- b. How does group dynamics hinder team performance?

Do not exceed 300 words.

- a. Group dynamics can support team performance in positive way by getting things done more efficiently and effectively. This can be achieved by the team communicating and reacting well with one another. An example of this would be, an important issue has been raised within the project team. The Project Manager engages all members of their team and instigates a discussion on the issue. The Project Manager reiterates that they value everyone's input, ideas and solutions. Through positive discussion and demonstration of leadership the issue was resolved. All members feel through collaboration that they have contributed to a positive outcome and "are part of the team". The team, through positive group dynamics feel that they have contributed and have self worth.

- b. Group dynamics can hinder a team performance. These can include poor leadership when no certain person will "take control", poor accountability, focusing on wrong priorities etc. These aspects can create a dysfunctional project team which results in poor choices being made. An example would be a site issue has been raised with the Project Team. The issue remains inactive and redundant due to no certain person being proactive and bringing the issue to the team collective. A member, finally brings the issue to the team, but other member resent that person for their decision. The team have negative ideas, poor cooperation and argue rather than display positive outcomes. The issue gets allocated to person who is not qualified in rectifying the issue. As result of poor group dynamics this issue has cost the project time, money and established a toxic work environment.

2. Which of the following are strategies that directly support team cohesion, participation, and performance?

Select all that apply.

☐	a) Risk analysis
☒	b) Coaching
☒	c) Performance reviews
☒	d) Mentoring
☒	e) Communicating each team member's roles and responsibilities
☒	f) Team building
☐	g) Record keeping
☒	h) Modelling desired behaviour and practices
☐	i) Micromanaging team members
☒	j) Consultative mechanisms with team members

3. Discuss at least three (3) strategies you would utilise to gain consensus in a team. Do not exceed fifty (50) words for each strategy.

- a. Effective listening: A Project Manager should listen attentively and with a relaxed manner. The Project Manager should be attentive, not interrupt or be judgmental.
- b. Discussion of ideas effectively: A Project Manager should facilitate discussion of ideas effectively. This would incorporate active listening, toleration of opposing views, open mindedness, staying focused and expressing themselves clearly.
- c. Agreeing to concede: A Project Manager at times must unwillingly agree or accept someones point of view or ideas.

4. In the life cycle of a project, you are most likely to encounter unexpected problems, issues, and questions along the way. Which of the following are strategies that can be best applied to handle and resolve such issues?

Select all that apply.

☒	a) Identify and understand potential risks and issues to the project prior to commencing.
☐	b) Refer and turn over all issues to supervisor.
☒	c) Implement a tool to document issues as they arise within the project such as an Issues Log.
☒	d) Learn from previous projects to predict potential risks and issues.
☐	e) Explore small issues and let them escalate into bigger ones.
☒	f) Allocate responsibilities within project team members for resolving different types of issues.
☒	g) Set criteria to determine an issue's priority task.
☐	h) Communicate issues to team members who are not directly involved.
☒	i) Establish a plan for communicating issues within the project team.
☐	j) Single out team member(s) who are responsible for the issue and carry out disciplinary measures.

CASE STUDY

Instructions to Student

These case studies are hypothetical situations which will not require you to have access to a workplace, although your past and present workplace experiences may help with the responses you provide. You will be expected to encounter similar situations to these in future as you work in a project team environment.

In the real world you are likely to encounter the situation where you enter a project, taking over from another project manager. The documentation that is handed over to you is not necessarily up to scratch, and there could be serious issues with the project. This assessment captures that real life scenario.

The case studies are the first part of dealing with “multiple complex projects” required in all the units of this subject. The other assessment covering this requirement is the practical assessment. When you have completed the case studies you will be able to commence the practical assessment which covers the generic skills needed to function as an effective project team member. This assessment on the other hand covers the application of the underpinning knowledge and background theory.

Introduction

You have been called back as an independent consultant in the Awesome Landscapes project which you have worked on in the previous workbooks.

Note: For the purpose of this assessment, today is 12 December 20xx, where 20xx refers to the current year. Awesome Landscapes is based in your own home / state territory.

There have been substantial changes to the project. It has come almost to a standstill when Massive Eco-Development went into administration on 19 November causing all work on site to stop. No one saw this coming. The administrators ordered work to stop on the project, but three weeks later, they have advised you that a buyer has purchased all of Massive Eco-Development's assets, including this project.

The buyer is the Cascade Peak Hotel, currently the largest and most successful accommodation provider within the town. They have seen the opportunity to expand their business and as a result have hired the project manager and project director of Massive Eco-development Corporation on temporary contracts to see out the rest of the project. Cascade Peak Hotel will have sole ownership of the resort, so the proposed marketing project will no longer go ahead.

You have just met with the senior management of Cascade Peak Hotel and have negotiated to get the project back on track. They have agreed to pay Awesome Landscapes an extra \$100,000.00 to compensate for lost time and have agreed to fully support you. However, there are two issues at hand:

1. Cascade Peak Hotel has asked J.P Digging (one of the contractors) be removed from the project. They have worked with this contractor before and had bad experiences with them. You have found they have been a lot of hard work but otherwise meeting the schedule until the takeover. When the contractor found out that Cascade Peak Hotel has taken over the ownership, they asked if they could terminate their contract. Cascade Peak Hotel agrees. You will need to find a new contractor.
2. Through the uncertainty with the project being stopped, you have lost two landscapers. They have both handed in their resignation, left the area and taken jobs interstate where employment opportunities are admittedly a lot better.

To reflect these changes, the project documentation has been updated and signed off a week ago on 7 December 20xx. Sam Ng has warned you though that a lot of the issues have not been thought through and he has therefore brought you in as a consultant to help get the project back on track when construction recommences on 7 January. There is a lot of work to be done between now and then.

Sam has provided you with the updated project documentation via the following links:

EMPLOYMENT AGREEMENT

Dear [insert name of employee]

Employment agreement

This letter sets out the terms of your employment with Awesome Landscaping

In this letter, words in bold type have the meaning described in the definitions section at the end of the letter.

1 EMPLOYMENT

1.1 Commencing position

Awesome Landscapes will commence employing you in the position of **landscaper** on a full-time basis, reporting to **Sam Ng**, starting on **07 January 2017**.

1.2 Acknowledgment

You acknowledge and agree that:

- (a) you have a lawful right to work in Australia and perform the duties and responsibilities of employment contemplated by this letter;
- (b) you will immediately notify the company of any circumstance that might prejudice this right at any time during your employment by the company; and
- (c) in order to enable the company to verify at any time that you have this right, you will provide to the company upon request sufficient evidence to establish this fact.

1.3 Hours

Your ordinary work hours are 38 per week, but you will be required to work such additional hours as may be reasonable and necessary for you to perform your duties in a satisfactory manner. Your hours of work will be averaged over 6 months. If you consider that you are being required or requested to work unreasonable additional hours you should raise this with your manager in the first instance.

1.4 Location

Initially, you will work at the company's premises at **Cascade Peak**. However, the company may direct you to perform work at other locations, provided that such a direction does not impose unreasonable hardship on you.

1.5 Probationary employment

- (a) You will initially serve a 6 month period of probation.

(b) During the probationary period, either the company or you may terminate your employment with one week's notice in writing.

1.6 Permanent employment

If your employment continues after the expiration of the probationary period, it will be ongoing, subject to the right of either the company or you to terminate your employment under clause 10.

1.7 Duties and responsibilities

You will:

- (a) exercise the powers and discretions, hold the responsibilities and perform the duties and tasks as are conferred, delegated or specified by the company from time to time;
- (b) perform those responsibilities and duties honestly and in a proper and efficient manner;
- (c) use your best endeavours to promote and enhance the interests, welfare, business, profitability, growth and reputation of the company;
- (d) not intentionally do anything that is or may be harmful to the company;
- (e) report to the company promptly, or to such person as the company from time to time determines, at all reasonable times, all information and explanations as required in connection with matters relating to your employment or the business of the company; and
- (f) comply with all lawful and reasonable directions given to you by the company.

1.8 Company policies

- (a) You must be familiar with and observe the **company's policies** as varied from time to time.
- (b) Nothing in the **company's policies** gives rise to a legal right or benefit enforceable by you.

1.9 Inconsistency with industrial laws

If the company is subject to obligations in respect of your employment arising under any **industrial laws** and any such obligation is inconsistent with a term of this letter, the term of this letter will not operate to the extent of that inconsistency.

2 REMUNERATION

2.1 Amount

The company will pay you an annual remuneration package that comprises:

- (a) hourly wage of \$ 18.00 gross;
- (b) superannuation contributions as required by law (currently 9% of base salary);

Your remuneration package includes payment for all amounts of overtime, allowances, penalties and loadings to which you may become entitled under industrial laws.

2.2 Method of payment

The company will pay base salary and allowances into your nominated bank account(s) fortnightly 2 weeks in arrears.

3 EXPENSES

The company will reimburse you in accordance with company policy for expenses you properly incur in the course of your employment.

4 COMPANY DEBTS

If you owe money to the company, forfeit the right to monies already paid or you are paid more than you are entitled to be paid, the company may withhold (to the extent permissible by industrial laws) the amount forfeited, or the amount of the debt or overpayment, from any amounts otherwise payable to you, including salary or reimbursement of expenses.

5 LEAVE

5.1 Entitlement

You will be entitled to paid and unpaid leave in accordance with the Fair Work Act 2009 (Cth). A summary of these entitlements is set out below. You will

also be entitled to paid public holidays under the Fair Work Act and Long Service Leave under the applicable legislation in your State or territory.

5.2 Annual leave

You will be entitled to 4 weeks' paid annual leave per year of service with the company. Annual leave accrues on a pro rata basis and is cumulative. Annual leave is to be taken at times agreed with the company. The company will not unreasonably refuse to authorise the taking of annual leave by you.

The Company may require you to take a period of paid annual leave if reasonable. A requirement will be reasonable if you have accrued excessive annual leave or the Company's business is being shut down for a period.

Upon the termination of your employment you will be entitled to payment in lieu of any untaken annual leave.

5.3 Personal/Carer's leave

You will be entitled to paid personal/carers' leave of 10 days per annum which may be taken as:

- (a) sick leave for absences due to personal illness or injury; or
- (b) carer's leave to provide care or support to a member of your immediate family or household who requires support because of an illness or injury or because of an unexpected emergency.

Personal/carers' leave accrues on a pro-rata basis and is cumulative. The company may require you to provide a medical certificate from a registered health practitioner or a statutory declaration evidencing the reason for that personal/carers' leave.

You will be entitled to unpaid carer's leave of up to 2 days on each occasion when a member of your immediate family or household requires support because of an illness or injury or because of an unexpected emergency. This entitlement only applies if you are not entitled to paid personal/carers' leave.

5.4 Compassionate leave

You will be entitled to paid compassionate leave of 2 days:

(a) for the purpose of spending time with a member of your immediate family or household who has contracted an illness or sustained an injury that poses a serious threat to that person's life; or

(b) after the death of a member of your immediate family or household.

Compassionate leave may be taken as a single period of 2 days or as 2 separate periods of one day each. You must provide any evidence of the illness, injury or death that the company reasonably requires.

5.5 Parental leave

You will be entitled to maternity leave after 12 months' continuous service as follows:

(a) unpaid special maternity leave if you:

(i) are pregnant and have a pregnancy related illness; or

(ii) have been pregnant and the pregnancy ended within 28 weeks of the expected date of birth other than by the birth of a living child;

(b) unpaid maternity leave in respect of the birth or expected birth of a child of yours.

The maximum period of maternity leave (including special maternity leave and ordinary maternity leave) is 52 weeks, less any period of related authorised leave taken by you or your spouse. The company may require you to provide a medical certificate and a statutory declaration regarding any application for maternity leave.

You will be entitled to paternity leave after 12 months' continuous service as follows:

(a) unpaid short paternity leave of up to one week commencing on the day your spouse begins to give birth;

(b) unpaid paternity leave after your spouse has given birth to a living child so that you can be the child's primary care-giver.

The maximum period of paternity leave (including short paternity leave and long paternity leave) is 52 weeks, less any period of related authorised leave taken by you or your spouse. The company may require you to provide a medical certificate and a statutory declaration regarding any application for paternity leave.

You will be entitled to adoption leave after 12 months' continuous service as follows:

(a) unpaid pre-adoption leave of 2 days for the purpose of attending any interviews or examinations required to obtain approval for the adoption, unless the Company directs you to take another form of authorised leave to which you are entitled. Pre-adoption leave may be taken as a single, unbroken period of up to 2 days or as otherwise agreed with the company;

(b) unpaid adoption leave:

(i) short adoption leave of up to 3 weeks taken by you within the 3 weeks starting on the day of placement of a child with you for adoption;

(ii) long adoption leave taken by you after the day of placement of a child with you for adoption so that you can be the child's primary care giver.

The maximum period of adoption leave (including short adoption leave and long adoption leave) is 52 weeks, less any period of related authorised leave taken by you or your spouse. The company may require you to provide a statement by the adoption agency and a statutory declaration regarding any application for adoption leave.

You may request an extension of unpaid parental leave for up to 12 months. You may also request to work a flexible working arrangement until your child reaches school age. Conditions apply to these requests. The Company may refuse such requests on reasonable business grounds.

6 CONFIDENTIALITY

6.1 Confidential information

In the course of your employment, you will become privy to **confidential information** of the company or its clients, whether in written, computerised or oral form.

6.2 Obligations of confidence

You will, both during your employment and for so long as the confidential information remains confidential after the termination of your employment (unless it ceases to be confidential due to your breach of this clause):

(a) not at any time, either directly or indirectly, disclose or communicate to any person any confidential information that may come to your knowledge during or in the course of the employment, unless expressly authorised by the company or required by law or court order;

(b) use your best endeavours to prevent disclosure or publication of the confidential information where that disclosure or publication is not authorised by the company;

(c) if required by law or court order to disclose any confidential information, advise the company of that fact and take all lawful steps to confine disclosure of the confidential information and preserve its confidentiality, including taking steps to allow the company or its agents to do so;

(d) not use or attempt to use confidential information for your own purposes or for any purposes other than for the purposes of the company or in any manner which may injure or cause loss directly or indirectly to the company and/or its business; and

(e) acknowledge and agree that, without prejudice to any other remedy that the company may have, the company will be entitled to injunctive and other equitable relief to prevent or cure any breach or threatened breach of this clause.

7 RESTRAINT

7.1 Restraint

You will not during the **restraint period** in the **restraint area**, by any means whatsoever directly or indirectly:

(a) attempt in any manner to persuade a **client** to cease dealing with or to reduce the dealings which that client has customarily had or contemplated having with the company;

(b) attempt in any manner to persuade a **supplier** to cease dealing with or to reduce the dealings that the supplier has customarily had or contemplated having with the company;

(c) attempt in any manner to persuade any employee or contractor of the company with whose skills and abilities you have become familiar in the course of your employment to cease providing services to the company and/or to provide services to you or another person;

(d) carry on, advise, provide services to or be engaged, concerned or interested in or associated with or otherwise involved in any business activity that is competitive with any business carried on by the company.

7.2 Interpretation

Each of the covenants contained in this clause resulting from each **restraint period** and each **restraint area** constitutes and is to be construed and will have

effect as a separate, distinct, severable and independent provision from the other covenants (but cumulative in overall effect) and clause 11.3 will apply.

7.3 Acknowledgment

You acknowledge and agree that, without prejudice to any other remedy that the company may have, the company will be entitled to injunctive and other equitable relief to prevent or cure any breach or threatened breach of this clause.

8 INTELLECTUAL PROPERTY

8.1 Acknowledgments

You acknowledge and agree that:

(a) all intellectual and industrial property rights in **confidential information** and any modifications and enhancements to confidential information are owned by the company;

(b) any **inventions** or **works** created during and in the course of the employment and the entire copyright throughout the world in all **works** are owned by the company;

(c) the company owns all **inventions** and **works** absolutely and without further payment by the company to you and to the extent necessary, you irrevocably assign to the company all your present and future rights, title and interests in and to all **inventions** and **works**;

(d) you must immediately disclose to the company (and to no other person) all the details of any **inventions** or **works** created by you during your employment.

8.2 Consent

You:

(a) consent to the **works** being changed, copied, edited, added to, taken from, adapted and or translated in any manner or context by the company, and any person authorised by the company to do so, for any purpose related to the company's business, notwithstanding that such conduct may amount to derogatory treatment of the **works** within the meaning of the *Copyright Act 1968*; and

(b) acknowledge that the consent in clause 8.2(a) above is given genuinely and is not given because any person:

(i) applied duress to you (or your representative) to give that consent; or

(ii) made a false and misleading statement to you in relation to the giving of that consent.

8.3 General

You must, both during your employment and thereafter:

(a) do all such acts and things as the company may request reasonably to secure to the company ownership or registration rights in the **inventions** or **works**, and you hereby grant to the company the right to use your name to obtain any protection of the **inventions** or **works**; and

(b) not engage in any conduct that may damage the company's intellectual property or industrial rights.

9 OTHER BUSINESS INTERESTS

(a) During your employment you will not undertake or carry on, or be employed by, or be directly or indirectly concerned or interested in (other than merely by holding up to 5% of shares issued in a public company) any business other than the company's business.

(b) You will not have any association or interest outside the company that is incompatible and/or inconsistent with the company's interests.

10 TERMINATION OF EMPLOYMENT

10.1 Termination by the company

Subject to clause 10.3, the company may terminate the employment by giving you one month's notice in writing.

10.2 Resignation

If you resign, you must give one month's notice in writing. If you decline to serve part or all of that notice period without agreement of the company, you will forfeit your right to be paid for that period of notice which you refused to serve (and clause 4 will apply).

10.3 Summary termination

The company may terminate your employment immediately by giving written notice to you and without being required to provide any compensation or payment in lieu of notice if you:

- (a) engage in serious or gross misconduct;
- (b) breach a fundamental condition and/or commit a fundamental breach of the conditions of your employment;
- (c) commit an act of fraud or dishonesty;
- (d) engage in any conduct which, in the reasonable opinion of the company, might tend to injure the reputation or business of the company;
- (e) fail or refuse to comply with any lawful direction given to you by the company through its authorised representative.

10.4 During the notice period

If either the company or you give notice of termination under this agreement, the company may:

- (a) pay you an amount of base salary in lieu of part or all of that period not served by you; or
- (b) require you to serve part or all of that period without attending work and/or performing duties.

10.5 Acts following termination

Upon the termination of your employment you must immediately repay all outstanding debts and loans to the company and return to the company any of the following items in your possession:-

(a) any document, whether in computerised form or otherwise, relating to any matter within the scope of the business of the company, or to confidential information or any other aspect of your employment;

(b) all keys and passes belonging to the company;

(c) all software and associated materials belonging to or licensed to the company; and

(d) all other property belonging to the company,

and you will provide the company with a letter certifying that all such items have been returned.

11 GENERAL PROVISIONS

11.1 Entire agreement

This letter constitutes the entire agreement between you and the company regarding the matters set out in it and supersedes any prior representations, understandings or arrangements between the parties, whether oral or in writing.

11.2 Variation

If your position, job location or remuneration package change during your employment, the other provisions of this agreement will continue to apply to your employment unless varied by mutual agreement in writing.

11.3 Severance

If any clause or any part of any clause in this agreement is in any way unenforceable, invalid or illegal, it is to be read down so as to be enforceable, valid and legal. If this is not possible, the clause (or where possible, the offending part) is to be severed without affecting the enforceability, validity or legality of the remaining clauses (or parts of those clauses) of this agreement, which will continue in full force and effect.

11.4 Governing law and jurisdiction

(a) The laws applicable in **Queensland** govern your employment and this agreement.

(b) The parties submit to the non-exclusive jurisdiction of the courts of **Queensland** and any courts competent to hear appeals from those courts.

3. List at least three (3) criteria to be used to assess the candidates for the landscaper position.

Guidance: Use the quality criteria from the Project Plan version 3.

- a. Landscaper Qualifications
- b. Bobcat operator Ticket, Excaavtor Licence
- c. Construction Induction Card

4. Access and carefully go over the [Interview Notes](#) (Username: cstclearner Password: CstcPty@123) gathered from the interviews with the candidates.

Write a recommendation to Sam advising which candidates are most suitable and why. Your recommendation must be of 150 – 200 words in length.

Sam

After reviewing all applicants summary of resume, I have come to a decision that Karen Pearce and Alice Mundy are the most suitable for the current vacant landscaping positions.

Karens' qualifications being, Cert. II in Horticulture, Cert. III in Horticulture, Diploma of Parks Management and Bobcat licence ensure that she is the most qualified out of all applicants who have applied. This is also on the assumption she has obtained a Construction Induction Card (Though important to note none of the applicants have informed that they have obtained either. Also note this qualification is not hard to obtain.) With these qualifications she currently meets our selection criteria.

Karen has had previous and extensive landscaping experience demonstrated within her employemnt history.

Alices qualifications include Cert. III in Horticulture and Diploma of Horticulture Management. Her employment history states that she has had previous experience working for the Cascade Peaks Shire Council and the Dept. of Conservation. Her skills are extensive and though stated on two occassions that she does not work well within the team her positive attributes out weights her cons.

5. Review the Project Plan. List the deliveries Earthmoving Logistics need to make as part of their contract.

Guidance:

- a. List the deliveries in the correct order (earliest date(s) to latest date(s)).
- b. For each delivery, indicate the date(s) and the item(s) to be delivered on those dates.

Date	Deliveries
27/07/2016	Delivery of equipment
03/08/2016	Delivery of all vehicles and equipment
09/08/2016	Delivery of road gravel
27/08/2016	Delivery of granite boulders

6. Write a report outlining the training needs of the candidate as part of their induction into the project.

Your report must be of 200 – 300 words in length.

In regards to Karen Pearce I was unable to obtain any information or evidence in regards to Karen holding a current Construction Induction Card . This can easily be obtained through an external training organisation and/or through an online study course. This is a requirement by law and has to be completed.

In regards to Alice Mundy though her qualifications are extensive it has clearly been stated on numerous occasions that "she does not work well within a team". I believe this can be overcome by enrolling Alice in course which entails how to work with others in a team environment. Similar to Karen I was unable to obtain any information or evidence in regards to Karen holding a current Construction Induction Card . This can easily be obtained through an external training organisation and/or through an online study course. This is a requirement by law and has to be completed.

As for both candidates the following should occur:

Introduction to fellow staff members, completion of the Awesome Landscape induction, clarification of their respective job roles and responsibilities, familiarise their conditions of employment, familiarisation of the facilities and amenities and the introduce them to Awesome Landscaping policies and procedures.

7. List four (4) performance measures to be used in assessing the successful candidate's performance.

Guidance: Refer to Appendix 9 Quality Analysis Tool of Project Plan version 3.

- a. Observation and Coversation
- b. Project performance appraisals
- c. Formal training
- d. Mentoring

8. List five (5) responsibilities as part of the site supervisor's role.

- a. Day to day delivery of landscaping works
- b. Coordination of resources required.
- c. Communciation of results, issues etc to Project Manager.
- d. Ensuring contractors maintain programe.
- e. Ensuring Quality Assurance is completed.

9. Now that you have selected your replacement landscapers, write a short recommendation to the director of Awesome Landscapes regarding which landscaper will be allocated to each task.

Do not exceed fifty (50) words.

Guidance: Landscapers, Dave Furphy and John Zhuche have left the project and the successful candidates will be replacing them.

Due to Karens qualifications in regards to machinery I believe she should be allocated task that are machinery orientated such as removal and storage of soil etc. These tasks were previously conducted by Dave Furphy.

Alice should be allocated tasks such as move plants to glasshouse and dispose of weeds etc. These tasks were previously conducted by John Zhuche.

10. Consider how you will communicate the updated resource allocation.
- List three (3) documentation in the Project Plan that needs to be updated?
Guidance: Consider the documentation you have already updated, and all other templates that required changes to employee landscaper names.
 - To whom does this information need to be communicated to?
 - How will this information be communicated to each stakeholder?

a.	Scope Management Plan Project Charter Cost Management Plan
b.	Terrence Mackay(General Manager, Cascade Peak Hotel)
c.	Stephen Lyons(Planning Manager, Cascade Peaks Shire Council)
d.	Kim Nquyen(Director, Awesome Landscapes Pty Ltd)
e.	And all other relevant stakeholders.
f.	This will be communicated via a change request

11. The Project Plan has been updated showing all the work J.P. Digging (the previous contractor) has completed. They have contacted Sam to advise they have not been paid their last progress payment, nor have they been paid for the additional work completed before Massive Eco-development went insolvent.

Examine the work done to date as per the project plan and provide a short recommendation regarding how much should be paid to J.P. Digging.

Examination of the works completed within Phase 2 by J.P.Digging prior to their contract termination resulted with 40% of works having been completed.

Therefore J.P Digging should be paid the following:

Phase 1 payment \$26,950 labour.

Phase 2 40% of \$32,000 labour =\$12,800.

Phase 3 Nil payment as works had not been completed.

Therefore the total payment to j.p Digging should be \$39,750 total.

12. Which of the following are additional finalisation activities that need to take place to close the contract with J.P. Digging?

Select all that apply.

16. You have received these **Responses** (Username: *cstclearner* Password: *CstcPty@123*) from three (3) potential contractors.

All three (3) have filled in the tender application form. This includes addressing the selection criteria, highlighting the qualifications and capabilities of their staff, highlighting their available timeframes, and conflict of interest declarations.

One of the responses includes a declaration of a conflict of interest. Sam has advised he will need to seek senior management approval to deem whether the contractor will be allowed to work in the project.

He has asked you to develop a plan outlining how the conflict of interest can be managed. In this light, write your recommended management plan to deal with this conflict of interest.

Your plan must be of 150 – 200 words in length.

It has been established that ADF Contracting owner is a close relative of General Manager Cascade Peak Hotel Pty Ltd Terrence Mackay. Awesome Landscaping must conduct a risk assessment to review the declared conflict of interest.

Awesome Landscaping must be able to ensure Terrence Mackay has no input to any decisions made in regards to ADF Contracting. This could prove difficult due to the fact Terrence Mackay is a major stakeholder within this development.

Awesome Landscaping is to approach Terrence Mackay and propose he relinquishes any authority in decisions made in regards to ADF Contracting. This could though prove antagonistic.

Therefore Awesome landscaping could accept the conflict of interest on the basis that it has been declared due to the nature of this declared interest.

17. From the three (3) suppliers who have responded to the tender proposal in Case Study Question 16, select a preferred contractor.

Write a recommendation indicating your preferred contractor and explain your reasoning for selecting this contractor.

Your recommendation must be of 100 – 200 words in length.

Guidance:

In selecting a preferred contractor, take into consideration whether the contractor's fit the set criteria. You must also consider the work health and safety (WHS) requirements of the project.

Godig Contracting is my preferred contractor based on the following:

Godig has proven to have had respectable relationships with the Cascade Peak Shire Council and Cascade Energy who has performed works within the Cascade Peak area. Godig location is in close proximity, being based within Cascade Peak.

The qualifications stated show that relevant licences are held for the required machinery and most important inductions have been completed through the Cascade Shire Council for environmentally sensitive areas. The above licences are a requirement by Work health and Safety.

Background checks have shown nothing but excellent recommendations for this contractor.

18. You have been provided with the following contract template. The original contract with J.P. Digging was not very good and upon seeking legal advice, Sam has asked you to create a new contract for the new contractor from scratch.

The aim of this exercise is twofold:

- a. To have a standard contract template for all future projects.
- b. To have a watertight contract for the new supplier.

Populate the fields containing the preamble and the schedules of the contract.

All dates must be in 20xx, where 20xx is the current year.

CONTRACTOR AGREEMENT

20/12/2016

Michael Classon, Godig Contracting-ABN 234 567 567

Dear **Godig Contracting**

Contractor Agreement

This letter sets out the terms of the agreement between **07/01/2017** and **04/04/2017**

In this letter, words in **bold type** (other than headings) have the meaning described in section 11 at the end of the letter.

1 PERIOD OF ENGAGEMENT

1.1 Term

The **contractor** will supply the **services** to the **company** from **07/01/2017** to **04/04/2017** unless the engagement of the contractor to provide the services is terminated earlier in accordance with this **agreement**.

1.2 Termination by the company

Subject to paragraphs 1.4 and 9.1, the company may terminate the contractor's engagement by giving the contractor one month's written notice

of its intention to do so. The company may require the contractor not to perform the services during that notice period.

1.3 Termination by the contractor

Subject to paragraph 1.4 if the contractor wishes to terminate its engagement, it must give one month's written notice to the company. The company may require the contractor not to perform the services during the notice period.

1.4 Payment in lieu

If either the contractor or the company gives notice of termination, the company may terminate the contractor's engagement by making payment in lieu of that part or all of the notice period during which the contractor is not engaged.

2 BASIS OF ENGAGEMENT

2.1 Other contractors and employees

In addition to the consultant, the contractor may engage such other persons as required, whether as employees, contractors or otherwise, to perform the services provided each of those persons is suitably qualified and capable of performing the work the contractor directs or engages them to perform.

2.2 Consultant's equipment

The contractor will provide the consultant with the requisite equipment to provide the services at the contractor's expense (unless a prior arrangement is made in writing with the company).

3 FEE

3.1 Amount

Subject to paragraph 3.3, the company will pay the contractor a **fee** of **\$37,200** for providing the services.

3.2 Payment

The company agrees to pay the fee by instalments monthly in advance subject to:

- (a) the contractor performing the services satisfactorily; and
- (b) receipt of a tax invoice from the contractor for the relevant period.

3.3 Early termination

If either the company or the contractor gives notice of termination under paragraphs 1.2 or 1.3, the company is only liable to pay a prorated amount of the fee proportionate to the period the agreement is on foot.

4 GOODS AND SERVICES TAX

4.1 Calculating GST

Consideration payable by the company to the contractor under this agreement:

- (a) stated as a figure, is stated exclusive of **GST**; or
- (b) described (by a formula or otherwise), is described and must be calculated without regard to GST.

4.2 Payment of GST

Where this agreement requires the company to pay consideration for a **supply** then, on presentation of a **tax invoice** by the contractor to the company, the company will simultaneously pay to the contractor:

- (a) the money payable under this agreement; and
- (b) the **GST amount**.

5 DUTIES AND OBLIGATIONS

Throughout the period of the contractor's engagement under this agreement, the contractor must:

- (a) faithfully carry out its responsibilities as specified in this agreement to the best of its ability;
- (b) observe all lawful requests made by any person authorised by the company; and
- (c) ensure that the policies of the company as notified to it are followed.

6 WARRANTIES AND INDEMNITY

6.1 Warranties

The contractor warrants that:

- (a) the contractor:
 - (i) is exclusively entitled to perform work in the course of providing the services under this agreement; and

- (ii) is entitled to enter into this agreement and to grant the rights granted to the company under this agreement.

6.2 Indemnities

The contractor indemnifies the company against all actions, proceedings, suits, claims and demands made against it in connection with:

- (a) the provision of services under this agreement;
- (b) any breach of the contractor of any of the warranties made in paragraph 6.1; or
- (c) any of the warranties made in paragraph 6.1 not being complete, true or correct,

and against all liabilities, losses, damages, costs and expenses (including full legal expenses) suffered by the company as a consequence.

7 CONFIDENTIALITY AND INTELLECTUAL PROPERTY RIGHTS

7.1 Ownership

The contractor acknowledges and agrees that the company owns:

- (a) all intellectual and industrial property rights in any **confidential information**, whether tangible or intangible and whether in documentary or computerised form and in any modifications and enhancements to that information;
- (b) any **inventions** or **works** absolutely and without further payment to the contractor.

7.2 Obligations

The contractor:

- (a) must immediately disclose to the company (and to no other person) all the details of any inventions or works;
- (b) irrevocably assigns to the company all of the contractor's present and future right, title and interest in all inventions and works;
- (c) consents to the works being changed, copied, edited, added to, taken from and/or adapted in any manner or context by the company and any person authorised by the company to do so, for any purpose whatsoever notwithstanding that such conduct may amount to derogatory treatment of the works within the meaning of the Copyright Act 1968;

- (d) must, both during and after the term of this agreement, do all such acts and things as the company may reasonably request to secure to the company ownership or registration rights in the inventions and the works, and the contractor grants to the company the right to use the contractor's name to obtain any protection of the inventions and works; and
- (e) must not, both during and after the term of this agreement, engage in any conduct which may damage the company's intellectual property rights.

7.3 **Obligation**

Subject to paragraph 7.4, the contractor must maintain in confidence all confidential information and ensure that the confidential information is kept confidential.

7.4 **Exceptions to confidentiality**

The contractor may reveal confidential information that:

- (a) it is required by law to disclose, in which case it must immediately notify the company of the requirement and must take lawful steps and permit the company to oppose or restrict the disclosure to preserve, as far as possible, the confidentiality of the confidential information; or
- (b) is in or enters the public domain for reasons other than a breach of this agreement by the contractor.

7.5 **Survival of obligation of confidentiality**

The obligation under paragraph 7.3 will survive the termination of this agreement.

8 **RESTRAINT**

8.1 **Obligation**

In order to protect the company's goodwill and confidential information, the contractor will not during any **restraint period** in any **restraint area** by any means whatsoever directly or indirectly:

- (a) attempt in any manner to persuade a **client** to cease dealing with or to reduce the dealings which that client has customarily had or contemplated having with the company;
- (b) attempt in any manner to persuade any employee or contractor of the company with whose skills and abilities the consultant has

become familiar in the course of the contractor's engagement under this agreement to cease providing services to the company and/or to provide services to the contractor or another person; or

- (c) use or attempt to use confidential information for any purpose other than for the purposes of the company or in any manner that may injure or cause loss to the company.

8.2 Operation of restraint

Each covenant contained in paragraph 8.1 resulting from each restraint period and each restraint area constitutes and is to be construed and will have effect as a separate, distinct, severable and independent provision from each other covenant (but cumulative in overall effect) and paragraph 10.2 will apply.

8.3 Acknowledgment

The contractor acknowledges and agrees that, without prejudice to any other remedy the company may have, the company will be entitled to injunctive and other equitable relief to prevent or cure any breach or threatened breach of paragraph 8.

9 TERMINATION WITHOUT NOTICE

9.1 Events of termination

If at any time during the contractor's engagement by the company the contract:

- (a) commits any act involving fraud, deceit or dishonesty (whether in relation to the company or otherwise);
- (b) becomes bankrupt or commits any act of bankruptcy;
- (c) is convicted of any criminal offence carrying a maximum penalty of not less than 12 months' imprisonment;
- (d) dies;
- (e) persistently neglects the affairs or business of the company;
- (f) refuses or fails to comply with any lawful request, made by any person authorised by the company;
- (g) engages in misconduct; or
- (h) is unable to properly perform the essential elements of the Services whether as a result of illness, accident or otherwise;

then the company will have the right to terminate this agreement immediately, without prejudice to any other claim, right or remedy which the company may have against the contractor.

9.2 Deliver up

Immediately upon the termination of this agreement the contractor must deliver to the company:

- (a) all documents and other things which relate to the business or affairs of the company or otherwise recording confidential information; and
- (b) all things belonging to the company or in respect of which the company has rights of ownership, including computer equipment, mobile phones and other communication equipment, keys, security cards, cab charge cards and vouchers.

10 GENERAL

10.1 Entire agreement

This letter constitutes the entire agreement between the contractor and the company regarding the matters set out in it and supersedes any prior representations, understandings or arrangements made between the company and the contractor, whether orally or in writing.

10.2 Severance

If any paragraph or any part of any paragraph in this letter is in any way unenforceable, invalid or illegal, it is to be read down so as to be enforceable, valid and legal. If this is not possible, the paragraph (or where possible, the offending part) is to be severed from this agreement without affecting the enforceability, validity or legality of the remaining paragraphs (or parts of those paragraphs), which will continue in full force and effect.

10.3 Waiver

If the contractor or the company delay in exercising any right under this agreement, that does not constitute a waiver of that right, nor will any waiver (either wholly or in part) of any particular right operate as a waiver of the same or any other right.

10.4 Governing law and jurisdiction

- (a) The laws applicable in [insert applicable jurisdiction] govern this agreement.

- (b) The contractor and the company submit to the non-exclusive jurisdiction of the courts of [insert applicable jurisdiction] and any courts competent to hear appeals from those courts.

10.5 Set off

If the contractor owes money to the company or owes more than it is entitled to be paid by the company, the company may withhold the amount of the debt or overpayment from any amounts otherwise payable to the contractor.

10.6 Status, tax and insurance

The contractor:

- (a) will at all times supply the services to the company under this agreement in the capacity of an independent contractor, and not as an employee or agent of the company;
- (b) will be responsible for payment of any income tax payable on any monies paid to the contractor or to any person engaged by the contractor to perform the services under this agreement and indemnifies the company against any liability for deduction of such tax;
- (c) acknowledges that the company is not required to make any contributions to any superannuation fund in respect of the contractor providing the services under this agreement;
- (d) must maintain public liability insurance with a reputable insurer for an amount not less than \$20,000,000.

10.7 Assignment

The company may assign its rights and benefits under this agreement to any other person without the consent of the contractor, but must continue to comply with its obligations to the contractor under this agreement or cause the assignee to agree to perform those obligations.

Earthworks Services

19. Sam likes the contract but would like to send it to his lawyer before getting it signed off. Why do you think he wants to do that?

Contracts are a legally binding agreement and a lawyer is specialised in this field. Therefore Sam would be obtaining a professional opinion therefore ensuring he has completed due diligence to protect himself and his company from any liability.

20. The new contractor has advised one of his employees is actually an independent subcontractor. What course of action do you suggest?

Ensure that Godig Contracting provide regular updates to Awesome Landscaping on the performance and quality of the subcontractors works to ensure no distance is being placed between the individual subcontractor and Awesome Landscaping.

21. Sam has approached you to get your advice regarding getting the project back on track and minimise further impact of the issues identified to the project.

List five (5) actions that must be done to minimise the impact of the issues.

- a. Ensure audits are conducted on a regular basis.
- b. Ensure goals and targets are being met on time.
- c. Ensure cost and budgets do not exceed what has been agreed.
- d. Ensure quality of works conducted is maintained.
- e. Ensure reporting of the projects progress is thorough on time and accurate.

22. You have visited Sam and you noticed morale in the office seems to be very low at the moment.

He has asked you to provide him with an independent solution to the problem.

- a. Describe the causes of the poor morale.
- b. Provide advice to Sam regarding potential solutions to raise morale.
- c. How should the conflict be resolved?

- a. Due to the major changes and disruptions which have developed on this project.

- b. Sam could implement the following: Mentoring to staff members, provide coaching, provide some team building exercises and provide reassurance to all members of the team using a proactive approach.

- c. Recognise the issue or conflict which is causing the low morale. Then Sam could use a mediation process which involves 3 steps. Step 1: Prepare for Resolution, Step 2: Understand the Situation and Step 3: Reach an Agreement.

23. Sam has mentioned to you that Andrew (the site manager) is having performance issues. Particularly, he has been having issues with his computer literacy, sending e-mail and using the Internet.

Sam is sending Andrew to Melbourne for some professional development at a landscape horticulture conference in three weeks' time, but he has asked you research a one- to two-day course that the site manager can attend to update his computer skills.

Research the computing courses available in Melbourne (preferably in or near the Central Business District) that he can attend.

- Provide a specific link to the site page containing all the details of the one- to two- day computer course(s); and
- Attach a screenshot of the site page containing all the details of the one- to two- day computer course(s)

Link to site page	https://keystrokelearning.com.au/computer-courses/
Screenshot of the site page	 The screenshot shows the 'Keystroke Learning' website. The header includes the logo, navigation links (Home, About, Courses, Reviews, Training Blog, Contact), and a phone number (03) 9999 7780. The main content area is titled 'Microsoft Training Programs' and lists various Microsoft Office products with brief descriptions: Microsoft Access (information management), Microsoft Excel (data organization and analysis), Microsoft Office 365 (subscription-based suite), Microsoft OneNote (digital notebook), Microsoft Outlook (email and calendar management), Microsoft PowerPoint (presentation creation), Microsoft Project (project planning), Microsoft SharePoint (business collaboration), Microsoft Visio (business diagrams), and Microsoft Word (document creation).
