QUOTED PRICES: CREDIT ACCOUNT

- * Items quoted are not palletised. If palletising is required additional charges will apply.

LEAD TIMES:

- * Any estimated lead times at quotation are subject to variation and will be confirmed on receipt of order.

ROCLA PRODUCT GUIDE:

- * Extracts from the Rocla Product Guide are available from the Rocla web site (<http://www.rocla.com.au/RoclaProductGuide/>) relative to the state of supply.
- * It is the customer's responsibility to ensure products quoted meet the required specification and end purpose
- * Refer to the Rocla Product Guide for more product specific detail.

PRODUCT DOCUMENTATION:

- * Rocla supplies finished products in accordance with the relevant product Australian Standards and/or Rocla product specifications as detailed in our offer, any variation is noted in our quotation or letter of offer.
- * Design, supply and manufacture of our products is conducted under the auspices of our ISO9001 Quality Management System.
- * Rocla's designs, manufacturing processes and records are considered to be confidential commercially sensitive intellectual property and are not available for external distribution. This includes but is not limited to reinforcement design, concrete mix designs, quality/test plans, quality records and manufacturing procedures/work instructions.
- * Rocla recognises that in some cases our customers may require documentation to confirm the products supplied comply with the agreed Standard and/or specification. In this regard Rocla can provide "Certificates of Compliance" in a manner and frequency as agreed with the customer.
- * Original quality documentation can be sighted at our manufacturing sites via prior arrangement with your sales representative.

ROCLA DRAWINGS AND DESIGN INFORMATION

- * Where Rocla product and/or layout drawings have been provided with this quotation, please also refer to the notes and details included on these documents while considering this offer.

DRAINAGE PIPE COMMENTS: AS/NZS 4058-2007 Reinforced Concrete Drainage Pipe

- 1) Rocla steel reinforced concrete drainage pipes are designed and manufactured in accordance with the relevant parts of AS/NZS 4058-2007 as applicable.
- 2) All pipes, unless otherwise noted are for standard non-pressure drainage applications to a "Normal" environment (minimum 10mm cover to steel) as defined in AS/NZS 4058-2007.
- 3) Where the product code is noted with "CC" the pipe is suitable for a "Marine" environment (minimum 20mm internal and external cover to steel) as defined by AS/NZS 4058-2007.
- 4) Where the product code is noted with "EE" the pipe has a minimum 30mm internal and external cover to steel.
- 5) Where other cover to steel requirements have been specified, the cover to steel will be included in the product description within the quotation.
- 6) All pipes are 'non-watertight' unless otherwise noted.
- 7) Unless otherwise noted in the quotation, the pipe is not coated or lined with any additional coatings.

INTERNAL DIAMETER:

- * The actual internal diameter will vary from the nominal diameter depending on the load class and cover to steel.
- * Quantities and load class are to be confirmed by customer at time of order.
- * Checking of pipe load classes for construction or service loads are the responsibility of the customer.

PIPE DELIVERIES:

- * Where delivery is included in the quotation, the pipe may arrive to site either loose or bundled on timbers. Please check with your local Sales Representative for more details.
- * Pipe may be manufactured without lifting holes, identified by the inclusion of an "N" in the listed product code.
- * Please see the Rocla Product Guide for further Lifting and Handling information.

RKO PRODUCT NOTES:

Rocla RKO pits are suitable for depths up to 4m.

RKO pit bases and risers 450 x 450, 600 x 600, 900 x 600, 900 x 700, 900 x 900, 1050 x 700, 1300 x 900, 1200 x 1200 are designed to cater for a Class D loading (210kN) in accordance with AS3996-2006.

Refer to the Rocla Product Guide for further details.

ROCLA DRAINWAY KERB INLET SYSTEM PRODUCT NOTES:

- * Drainway system are manufactured and tested to the design specifications of IPWEA SW-05 to SW-08.

GENERAL COMMENTS - DELIVERED ON TRUCK:

- * Rates quoted include delivery on site on truck. Unloading is the customer's responsibility, including the provision of appropriate unloading equipment
- * Prices are based on information supplied by customer.
- * If only part of this quotation is accepted then Rocla reserves the right to review individual rates.
- * Items quoted are not palletised. If palletising is required additional charges will apply.
- * Side gates or rails are not installed on delivery trucks unless prior written agreement has been made with Rocla for these to be provided.
- * Minimum delivery loads are outlined in the Rocla 'Delivery Handling and Service Charges'. A surcharge will be applied to loads less than the listed minimum load.
- * Rocla 'Delivery Handling and Service Charges' apply for additional delivery services, unless otherwise noted on the sales quotation.

DELIVERIES:

- * Quoted delivery times are estimates only and subject to change.

DELIVERY HANDLING & SERVICE CHARGES:

- * Rocla 'Delivery Handling and Service Charges' apply for additional delivery services, unless otherwise noted on the sales quotation. These charges include:
 - * Delivery to one job site location only. Additional charges may be applied if multiple delivery locations are required.
 - * Unloading time of 60 minutes. Additional charges apply should unloading take longer than 60 minutes and/or delays are incurred on site.
 - * Product relocation charges, where customers wish to have product relocated on site once delivered.
 - * A restocking fee may apply, in addition to freight charges for returned product, as outlined in the Rocla Delivery Handling and Service Charges.
 - * Please note that only standard products in saleable condition can be accepted for returns. Products that are not stocked and/or are engineered to customer specification are not returnable.

ACCEPTANCE OF DELIVERY:

- * An authorised Customer representative must be available at point of delivery to sign-off the Proof of Delivery documentation: quantity and quality of product delivered. Any variances in quantity or quality must be reported to Rocla Customer Service.

DELIVERY REQUEST NOTICE PERIOD:

* In order for Rocla to organise freight logistics, delivery requests must be made and finalised at a minimum of two (2) business days prior to the requested delivery date. Rocla may be unable to facilitate delivery requests or changes within this two (2) day window.

* If changes to the delivery can be facilitated once the minimum two (2) business day notice period has passed, an additional freight service charge may be applied.

CANCELLATION OF DELIVERY

* Any cancellation of deliveries within 24 hours of the confirmed date of delivery will incur a fee of \$330 (ex GST).

SITE INDUCTIONS:

* Please note that the delivered price does not include the cost of any site related transport driver induction requirements.

* If a site induction (transport driver) is required for the job site, five (5) working days written notification to Rocla is required and will incur an additional invoiced fee.

WEED & SEED:

* This quotation does not include any allowance for a Weed & Seed declaration. If Weed & Seed declaration is required, additional charges will be incurred per declaration.

* A separate written order detailing the declaration requirements and site status will be required prior to the provision of a Weed & Seed declaration.

ABORIGINAL LAND & COMMUNITIES:

* This quotation does NOT include costs for permits to enter or travel through Aboriginal land & communities. Costs incurred will be invoiced at actual cost plus 20%.
