Subject: Mason Street Trunk Gravity Main Duplication - Q1048206 - PO49423

Hi Janelle,

As per your discussion with Jarryd earlier today, please find attached our purchase order #49423 for the various manhole fittings. Please note we *do not* require the 160mm and 225mm puddle flanges (lines 13 and 14 of your quote) at this stage.

Please arrange delivery to our Mareeba depot – details below:

Attn: Vince Bailey (Ph: 0428 778 322)
Fgf Developments Depot – Mareeba
28 Costin Street
Mareeba QLD 4880
Job reference: 210305 – Mason St Sewer

If you could please confirm expected delivery date that would be much appreciated so that we may ensure appropriate unloading equipment and storage facilities are available at the depot for the delivery. We will also require your driver to ensure they have all relevant PPE as per previous advice.

Please let me know if you require anything further other than our attached purchase order.

Kind regards,

Lauren McKew
