Dear Sir/Madam

Information Notice Permit issued with conditions *Plumbing and Drainage Regulation 2019 s.50*

Permit details

Permit no:	HPW23/0717
Assessment no:	3708015
Street address:	38-56 Wansfell Street PICNIC BAY QLD 4819
Real property desc:	Lot 2 P 93835 CT 49005676
Date of Expiry	26 September 2025

Decision

On 27 September 2023 Local Government considered permit number HPW23/0717 and decided to issue a Permit subject to the following conditions -

1. Plumbing and Drainage installation to comply with the Plumbing and Drainage Act 2018 and associated Legislation.
2. As constructed drawing/s of all drainage is required before a final inspection is requested. These drawings must be of a quality acceptable to council.
3. Installation/ location of Land Application Area to comply with AS/NZS 1547:2012 and the Queensland Plumbing and Wastewater Code.
4. This approval is conditional upon the Permit Conditions issued by Qld Department of Environment and Science stating that the new on-site sewerage treatment facility at this property is of a sufficient capacity to treat the designed load to be discharged to the facility and land application area being installed.

Reasons for the decision

The reasons for imposing the conditions are that –

1. All plumbing and drainage installations shall comply with the Plumbing and Drainage Act

2. To provide council with accurate records of the drainage installed.
3. To comply with AS/NZS 1547:2012 and the Queensland Plumbing and Wastewater Code design and setback requirements.
4. Onsite installation is compliant to the Qld Department of Environment and Science requirements for 21EP and above installations.

Advisory Notes

1. A completed "Notification of Responsible Person" form, (Form 7) to be provided before plumbing and drainage work commences.
2. Fees and charges have been calculated as 'Commercial Minor' (3 inspections only). Any inspections extra/over this amount will incur an inspection fee of \$131.50 per inspection.
3. The permit applicant is required to provide an Installation Completion Certificate from the designer of the onsite sewerage treatment facility before a final inspection is requested.
4. The permit applicant is required to provide commissioning certificate for the On-Site Sewerage Treatment facility before a final inspection is requested.
5. The application to install an on-site sewerage facility is approved to permit issued by Qld Department of Environment and Science :-
 - Environmental Authority Number: P-EA-100212065
6. The On-Site Sewerage Facility has been designed by others. Inspections are to be carried out by the designer during installation of the treatment facility to ensure that it complies with the design. Contact the designer for further details.
7. The on-site designer is required to provide an As Constructed drainage plan (to scale) showing the location of the On-Site Sewerage Treatment Plant and the land application area(s) before a final inspection is requested.
8. The existing on-site sewerage treatment facility and existing grease trap must be decommissioned to council approval, septic tank and grease trap to be decommissioned as per TCC requirements:
 - Option 1 – Septic tank and grease trap to be pumped out and certificate supplied prior to final inspection, the bottom of the septic tank to be holed, tank to be filled in with approved filler.
 - Option 2 – Septic tank and grease trap to be pumped out and certificate supplied prior to final inspection. Tank removed and disposed of.
9. Existing ORG/gullies to be installed as per AS3500.2:2021 Section 4.6.
10. Junctions in drains to be installed as per AS3500.2:2021 Section 4.9
11. Vent/s to comply AS3500.2:2021 Section 3.9.3
12. Service reports are to be undertaken by an approved service agent and provided to Council as recommended in the systems approval granted by the State Government.
13. The property owner is responsible to advise any prospective purchaser of the property that an On-Site Sewerage Facility is installed on the property.
14. Utility services such as power, telephone, gas or water supplies are not to be located in or adjacent to the Land Application Area.
15. Care should be taken when using non-potable water for uses such as irrigation as this water may contain bacteria or other contaminants that are harmful to humans or animals.
16. Should ground water, or other unusual site conditions be encountered that have not been addressed in the approved plans, site evaluation report or conditions set by Council and or the facility designer, all works are to cease and Council notified immediately.
17. Should Council determine that the use of the On-Site Sewerage Facility be causing environmental harm or endangering community health and safety issues, the property

owner will be required to make alternative arrangements for the disposal of sewerage effluent.

Appeals against Local Government's Decisions

If you are dissatisfied with the decision of the Local Government to impose the above conditions on the permit, you are entitled to appeal to Development Tribunals (the Tribunals) in accordance with section 229 of the *Planning Act 2016*.

An appeal against this notice must be lodged within 20 business days after the day the notice is given. If your appeal is not lodged within this timeframe, no further action can be taken by the Tribunals in relation to Local Government's decision.

You can lodge an Appeal Notice by submitting a Form 10 – application for appeal/declaration and providing the prescribed fee to the Registrar of the Tribunals as follows:

Post to -
