3.0 GENERAL CONDITIONS

- These works will be based on our 'Standard Installation Practices' and 'Standard Terms and Conditions'. Electrical works will be installed to ASNZS/3000:2018 standards.
- Cancellation of Electrical Switchboards after manufacturing has commenced will incur a 100% charge.
- Unless otherwise stated in this tender, allowance has been made for work to be carried out unimpeded during a normal thirty-six (36) hour's working week. Both with standing the above clause, we recognise that should we fall behind the rate of progress required to comply with the construction schedule, this company will take such steps as are necessary to comply with the construction program.
- Payment will be required within thirty (30) days from the date of monthly progress claims and/or final payment.
- The prices do not allow for a 10% Goods and Services Tax.
- Should As Installed Drawings be required, the DWG files are to be supplied to Energia Energy Pty Ltd free of charge and in relative time to be updated and forwarded on.
- Our own staff as required under the Electricity Act 2002 will carry out the electrical inspection. In the event an independent inspection is requested, the additional cost would be to the clients account.
- Energia Energy Pty Ltd will not be responsible for delays in Lighting Manufacturing should the Lighting be ordered at the commencement of the project.
- Excavation in rock has not been allowed for in this submission. Rock is deemed to be any material that cannot be excavated with an 8T Excavator with a standard trenching bucket.

4.0 STANDARD TERMS AND CONDITIONS OF SALES AND SERVICE

Interpretation: Energia Energy Pty Ltd

ABN No: 36 629 818 775

Work: shall mean everything to be performed or to be manufactured or supplied and or delivered pursuant to client order or contract.

Client: shall mean the company, firm, person or persons requesting goods or services pursuant to these terms and conditions.

Installation:

In the case of contracts involving installation and / or commissioning of equipment on site, our liability is limited to correct installation and operation of such equipment. No liability is accepted for associated equipment supplied and installed by others. Damage by others to equipment installed by Energia during our installation and warranty period will be to the client's account.

Quotations:

Quotations shall remain available for acceptance for 30 days from the date of quotation, and thereafter we reserve the right to vary our offer.

All quotations given by us are not covered by general conditions of contract, particularly in regard to insurance, retention sums and liquidated damages unless specifically noted.

This quotation is subject to confirmation or withdrawal at any time, until an order is accepted by us.

Prices are based on current cost of materials, wages and labour conditions, at the date of the quotation. If at any period after the date of quotation increases occur in these items, then the quotation price will be adjusted to allow for such increases.

GST:

Energia will clearly identify GST in all quotations supplied. All invoices will include the government GST component and be in approved "Tax Invoice" format.

Warranty:

All work carried out by Energia is subject to a guarantee period of three (3) calendar months from date of delivery against faulty material, workmanship or design by Energia, except failure due to misuse. In case of goods or parts not of our manufacture, warranty is limited to that given by the manufacturer of such goods or parts. All costs incurred for the removal and replacement of these items are also restricted to that supplier's Condition of Sale. This warranty does not cover adjustments, maintenance or normal wear and tear.

Where installation of equipment occurs outside the Brisbane metropolitan areas, warranty conditions will apply but any costs associated with the transport of goods or personnel or any other expenses associated with the maintenance personnel on that site to conduct such warranty work will not be covered under the terms of this warranty.

Should it be elected to personally or by outside contractors, conduct repairs, modifications, adjustments or servicing to switchgear or equipment during the warranty period without the consent of Energia Energy Pty Ltd in writing, the warranty of the total equipment will become null and void and claims for reimbursement of the costs for repairs of the work in question or future warranty work will not be considered.

The duration of the warranty period is calculated on a standard 36-hour week basis. All warranty work will be carried out during normal working hours, i.e.
Monday to Friday 7.30am - 4.00pm

Delivery:

Delivery to site is included unless otherwise stated. Off-loading or site handling is not included.

Standards

All works will be undertaken with compliance to the relevant Australian Standards, Electricity Act 2002 and the Electrical Industry Code of Practice.

Site Allowance and Redundancy Funds:

Quotations do not include specific site allowance unless specified in the confirming letter.

Liability:

Notwithstanding our comments contained elsewhere herein, Energia Pty Ltd shall not be liable in any event for consequential losses and damages however occurring, including but not limited to the following:

1. Loss of profit.
2. Loss of contract.
3. Loss of / or interruption to production.
4. Replacement costs of power or services.

Terms of Payment:

If credit facilities are required, a 30-Day Credit Agreement form will be forwarded. Upon review of request for credit, if acceptable Energia Energy Pty Ltd will sign and return. No credit facilities will be given until the Credit Agreement is completed and signed by both parties (reviewed annually). Energia Energy Pty Ltd requests a deposit of 10% at commencement of works.

Credit Agreement terms are strictly 30 days from date of delivery / completion / progress claim, and that in the event of failure to comply with the trading terms, the client will be liable to pay a penalty on all outstanding accounts at the current Bank Overdraft rates, calculated per annum from the date from which accounts shall fall due.

In the case of where contract goods are delivered to site, these goods will remain the property of Energia until paid for in full. These terms of payment can only be varied by agreement in writing by both parties as a special condition of contract / order.

Delays:

No responsibility is accepted for delays in manufacture or installation due to strikes, lockouts, trade disputes, fires or other factors beyond our control. Claims for late or non-delivery of equipment will not be accepted unless agreed in writing by both parties as part of special conditions of order.

Confidentiality:

Energia Energy Pty Ltd quotations are provided on the pro-forma that information contained in quotation documents are kept secret and confidential, and shall not be disclosed to any third party, without the prior written consent of Energia.

Any design information, data, specifications, drawings, reports or other documents supplied or made available, the client shall take, or cause to be taken, such reasonable precautions as may be necessary to maintain secrecy and confidentiality agreements from their employees, agents and Sub-Contractors.

Alteration of Conditions:

These conditions shall apply to all orders for goods and services placed by the client with Energia to the exclusion of all other terms and conditions unless otherwise expressly agreed in writing. If the terms of the client's order are inconsistent with these conditions the delivery of the goods / services to the client or as the client directs shall constitute an offer by Energia to supply the goods / services to the client pursuant to these conditions which offer the client shall be deemed to accept by retaining / accepting the goods / services.
