NOTES TO BE READ BEFORE USING THIS PLAN

This Plan has limitations regarding its use for some applications. Please contact this office if there is any doubt about the suitability of this plan for the intended use. These notes form part of this plan and they must remain with the plan or any copies. The limitations of this plan are detailed in the link below, with the main ones being:-

1. This plan has been prepared for our client & should not be used by others without approval.
2. The boundaries shown have been sourced from the subject survey plan or as noted, and have not been checked.
3. Distances from features to the shown boundaries should not be used or relied upon.
4. If positional accuracy is critical a boundary identification survey may be required.
5. The certificate of title has not been searched and should be checked for any encumbrances.
6. The contours may not represent the local authority's definition of "Ground Level"
7. A flood search has not been carried out. Check with local council for min. and max. construction heights.
8. Non visible services (if shown), have been plotted from the relevant authority's records or from other sources and may not be accurate. Services should be exposed before design or construction commences.
9. The north point has been taken from the survey plan and may not be suitable for all uses.
