Subject: NAMBOUR HOSPITAL - Induction
Attachments: Vaccine Preventable Disease Certification Form.pdf

Importance: High

Hi Paul,

Craig told me that you will need to be inducted for Nambour Hospital. As it is a long procedure please see all information below to get you started.

1. Vaccinations

As part of Nambour Induction you are required to provide evidence of vaccination status.

Please see attached Vaccine Form that will need to be completed by a GP.

Mandatory vaccinations are:

- Measles, Mumps & Rubella
- Pertussis
- Varicella

PLEASE EXCLUDE 'HEPATITIS B' AS NOT REQUIRED.

Please advise me as soon as you have the form completed.

2. Lendlease Part A induction

This is an online induction that once completed does not need to be re-done. There is a high chance you have already done this. If so evidence will need to be provided such as certificate. Below is the link to complete this induction if need be:

https://onlinelearning.lendlease.com/building_orientation_part_A

The online induction does not work on mobile devices & prefers Google Chrome to work correctly

3. Asbestos Awareness Training

It is a requirement all personnel working on the project must complete Asbestos Awareness training. If you do not already have this training please let me know and I will let you know dates available to complete the training on site with Lendlease.

If you have any questions please give me a call.

Kind Regards

Sara Vaninetti
