APPLY RISK MANAGEMENT TECHNIQUES

Practical Task 1 (2X)

Description of task:

On two (2) occasions, a suitable observer is to verify the participant's ability to apply risk management techniques to complex projects– including, assisting with risk analysis, risk management planning and undertaking a review of risk management outcomes.

A complex project is defined as a project which involves:

- The need for a comprehensive and multi-faceted project plan
- The need for a formal internal or external communications strategy
- A dedicated and diverse project budget
- Multiple administrative components
- Multiple operational components
- A wide range of stakeholders
- A project operations team

The participant is to gather evidence of how they have completed each component of the Practical Task, which is to be submitted with this Practical Assessment sheet. Evidence to be submitted may include:

- SWMS review checklist completed by the Participant
- Task JSA completed by the Participant
- SWMS signed by the Participant
- Design risk assessment completed by the Participant

The observer is to outline the details of each project observed in the 'Observer comments' section. The assessor is to verify the observer's comments and provide the outcome for the practical task on the front cover of the Practical Assessment.

Resources required:

Project records.
