Decision and Information Notice Permit

Plumbing and Drainage Act 2018

10 J

Reference Number: 15
Drainage Plan Number: 87
Location: 11
L6

The request for assessment of permit work received on 8 J was decided on 10 J

Brisbane City Council has decided to issue a Permit for the scope of work described below:

Description of Work	Plumbing Fast Track Application Plumbing FastTrack New E No Spill Spilling and
Fixtures	17

CONFIDENTIAL MATERIAL USED ONLY FOR THE PURPOSE OF THE COURSE PLEASE

Plumbing and drainage work can now proceed for the proposed works as described in this permit subject to the conditions described below.

Conditions

1. An as-constructed sanitary drainage plan drawn to Brisbane City Council requirements shall be provided to Council at the drainage inspection.

- As per the Plumbing and Drainage Regulation 2019 Brisbane City Council requires an as-constructed plan to be supplied for the work assessed to ensure records are maintained for future reference.
2. All plumbing works associated with this compliance permit shall be contained within the property/ lot that it serves.

- To ensure the ongoing legal access to the plumbing and drainage and prevent potential trespass on private property.
3. The current permit is to be kept on site at all times during construction and prior to the first plumbing inspection.

- This is to provide all contractors involved in the construction with the assurance that the proposed works have local government approval and to ensure ready access to any relevant conditions.
