All Good Ryan,

just a typo-works order shows class D Grate.

Kind Regards,

Neil Ellem

Thanks Neil

Can you go ahead with this please, please use PO#19030.

As discussed yesterday, are you still happy to only invoice and send the pump station and hold the pricing on the pumps until closer to when they will be needed?

Can you send through an invoice for this and I will get it paid today.

Thanks again

Morning Neil

Quote looks good. Can you have a look at a couple of items please;

- Duty should be 5l/s @ 10m head.
- The grate will be in a car park so I believe it needs to be Class C or D.
- What would be the lead time on the pump well.
