

PRACTICAL TASK

You are required to have a suitable observer verify your ability to complete the following tasks. These tasks may be simulated or real.

TASKS	VERIFIED
1. Consult with others to form sampling process/plan. Identify: 2. Agent to be measured 3. Characteristics of agent 4. Measurement equipment to be used 5. The area where measurements are to be taken 6. Factors that may impact on sampling (e.g. movements of people and equipment, tasks or activities being undertaken, number of persons occupying the area).	☒
7. Work with others to assist with monitoring process: 8. Calibrate monitoring equipment and select appropriate scale 9. Safely use equipment to collect information/data and record readings 10. Dismantle, clean and store equipment and parts.	☒
11. Prepare an electronic written report on the monitoring process: 12. Present information and data clearly and logically 13. Interpret and evaluate results against a recognised standard 14. Use appropriate units of measurement, logarithmic scales, decimals and order of magnitude.	☒
Name of observer	Mary Anne Kruzycki
Role of observer (Confirm their suitability to sign)	☐ Trainer/Assessor ☒ Other (specify): Supervisor
Phone number of observer	0478 847 038
Email address of observer	maryk@tlcc.net.au
Signature of observer	
Date	Click here to enter a date. 23/6/19
Comments	Did a simulated qualitative seal test on half mask respirator. Well done and test form and summary report were very thorough.
