QUOTATION

Customer Details: Core 4 Service for: 296 Vulture Street Kangaroo Point Qld.	Job Address: 296 Vulture Street Kangaroo Point Qld.		
Description Of Work	Qty	Unit Price	Amount
Pressure wash concrete surface at upper level to remove any dirt / stains / residue after the tiles have been removed and entire area grinded /waterproofed / screeded and all cracks repaired. Allow to dry after pressure washing. Sheet up all areas subject to overspray. Prime all concrete with a high quality primer to ensure maximum adhesion of new resurfacing compound. Spray on 3 coats of coloured covercrete resurfacing compound followed by two fleck / speckle effect colours. Allow to dry then remove all sheeting and residue from site. Apply a thick coating of clear solvent based sealer to protect newly sprayed surface. Colours need to be selected by customer at least 1 week prior to commencement of work. Please note: This quote is based on application of the final topcoat of covercrete compound and does not cover any preparation required prior to application, such as grinding/levelling/crack repairs etc. Quote is also based on an engineers report (or similar) that the covercrete compound will adhere to any underlaying substrates such as waterproofing and screeding products.	1	\$9,275	\$9,275
Terms of Payment: <i>For jobs over the value of \$5,000, a 20% deposit is required prior to commencement of work. Balance due upon completion of job and receipt of tax invoice.</i>		Sub Total	\$9,275
		GST	\$927.50
		Total	\$10,202.50
