Hi all,

Attached is a copy of the AFS quote working off the height of 3.35m.

This pricing excludes the retention tank, this will be extra once heights are understood when required.

If you can email back acceptance, I will process the order.
I just wanted to make sure everything was transparent.

We will still work to having all of the order sent to our Narangba yard week commencing 4th August, ready for the call up week commencing 15th August.

Any issues let me know.

Regards,

Adam [REDACTED]
